Toshiba Satellite A105-S4011 Battery Replacement

Change out the battery in your Toshiba A105.

Written By: Lucas Salisbury

INTRODUCTION

This guide will help you take out the battery, and replace it with a new one. Changing the battery is easy and simple.

Step 1 — Battery

- Turn the laptop over and locate the lock and battery release switches. Unlock the battery by changing the switch on the right from locked to unlocked by sliding the switch outward.

Step 2

- Hold the release switch and pull out the battery towards you.

To reassemble your device, follow these instructions in reverse order.
